Hi Russ –

Have you been able to send the attached letter to NPS? Please let me know if you need anything further from me. As I stated in my email last week, NPS is waiting for the letter. Thanks for your help.

Hi Russ –

Just following up on my message to you regarding the letter to the National Park Service. The attachments to this message include the draft letter and its two attachments. You may want to change the name of the person who should be contacted if there are any questions. We would appreciate your sending this out within the next week, as we have been coordinating with Mr. Siegenthaler and he is expecting the letter.

Thanks so much for all your help.

Please call me at 768-8350 if you have any problems.

Hi Russ –

As discussed at our last meeting, we need to get a concurrence from the NPS on the proposed transit facilities at Aloha Stadium. The direction that we have received from NPS is that the letter requesting concurrence needs to come from the deed owner. Our assumption is that it would be DAGS. Correct? David Siegenthaler of the NPS will be the staff person who will be reviewing the request for concurrence. He may be contacting you or DAGS staff working on the request to remove the deed restriction on the Stadium property. Should we meet to discuss this letter? Should we bring this up at the Stadium Authority meeting on August 27th? I await your guidance in this matter. Thanks.

If you are ok with sending this letter, I need to send you one additional attachment showing the transit facilities. Let me know.
